In the Honorable Thomas D. Hall - Sir,

CLERK, SUPREME COURT
BY _____

I've requested with cccr - Capital Collateral Regional Counsel
a waiver off in the remainder of my appeals, since I've come clean -
all were in flat murders to Rob. Having refuted every bit of self-
defense - to channel 2 channel 10 Court T.V. BBC and much
more - of which I've continue, because its the right thing to do,
only then to receive a letter back by Attorney - Joseph T. Hobson,
Florida bar no. 0507600 - that he neednt be obligated in inform-
ing anyone I'd like to waive off, and that his only purpose on
these cases is to save my life as Appellant Attorney - and nothing
more. So with that - and surely feeling there's a violation of
my Constitutional Rights here - felt then a deep need to contact
all Supreme Court justices of such obstruction.

While again the information being withheld from all of you
is that - I've come clean! . . . so would prefer to cut with the
chase then and get on with an execution - of which I've been
sentenced under 6 times. Tax payers money has been
squandered, and the families have suffered enough. Especially
with all this Court room bullarky with Capital Collateral. So
in all due respect, and if you would, I'd like then a hearing on
as soon as possible, as it appears cccr is trying to block such.
And if you would please, also a letter informing me you've
received this one from your Honorable selves, as I sign off
then thanking you for your time.

In full integrity
yours Truly

Aileen C. Wernox
