

Sworn Statement

I, William Andrew Taylor of 4128 N. Clarendon of Chicago, Illinois wish to make the following statement with regards to "The People of the State of Illinois vs. Anthony Porter".

In 1982 I was repeatedly interviewed by members of the Chicago Police Department. During the process I was threatened, harassed, and intimidated into naming Anthony Porter as a person who committed a Homicide in Washington Park in Chicago in August of 1982.

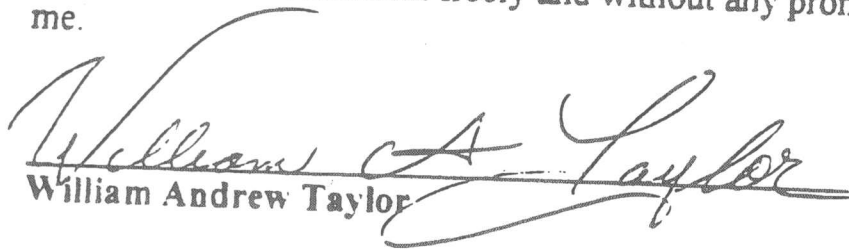

The truth is as follows:

1. I was present at the park when a shooting occurred.
2. I did not see Anthony Porter Shoot anybody.
3. I never seen Anthony Porter with a gun.
4. I did not who shot the victims that day.
see w.t.

I made prior statements in and out of court because that is what I know the police wanted.

I understand that this statement is being made to representatives of the media and the defendant and not the State's Attorney office or any police agency.

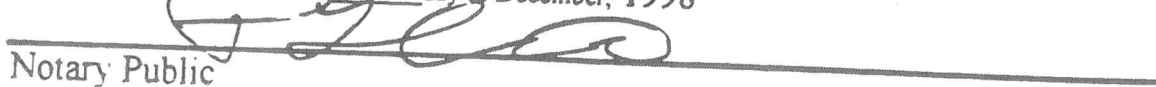

I have made this statement freely and without any promises being made to me.

William Andrew Taylor
